Kathlyn Clyde, Chair of OH Democratic Party spoke on the importance of the upcoming election. She spoke on the different offices that are running.

Amy Acton spoke via video due to a prior engagement. She needs to be more vocal and advertise so Ohioans can know what she's all about and how she will benefit Ohio.

Ted Strickland spoke and fired us up! He declared that a union family will occupy governors' mansion. Ted shared history of voting 20 years ago. Union family and proud of it. If money decides who the next governor is, it will be the Ramaswamy But there is a higher power in unity and the people of Ohio will get Amy elected. The other guy has spent over \$25 Million in negative ads against Amy. He gave the report on Ramaswamy: he moved his OH business to Texas because it is better for business; he believes Ohioans are lazy; he doesn't believe in our school system. Elon Musk just donated \$5 billion to his campaign.

Buffy – 7 grievances filed 2 years ago because they were injured and exercised their right to use FMLA and all won! Davion Thomas was one of the grievant. All seven got their jobs back! Please know your contract and if you don't call the MRC for assistance. Article 24 the state must disclose all evidence, not sneak it in after the Step 2.

Sherrod Brown: spoke on SB5 and how we pulled together. We won by a huge margin because we stood together. All the major unions joined together and we delivered all signatures and won! OCSEA. The Social Security act passed with 75 votes. The member from OPASE had to retire and only \$300 a month. He spoke on the benefits of the union

membership. Ramaswamy wants to get rid of teachers union and that means we are next. Husted was corrupt in Ohio and now in Washington. He voted 11 times in favor of the War. He gave the sweetheart tax bill and building Data centers. He works for the big corporations and not us! Sherrod supports union and Husted is against unions. He has me to fired up that I'm ready to vote now. We want a Governor that works for Ohio and we want the entire ticket.
