President's report: John Lacey

We have an agreement with the Futures that will increase our membership-meet with them before graduation to talk about what it means in a union environment- get to know their contract, get to know their officers/stewards-encourage them to know their rights to vote, and they have agreed to pay for the membership of each graduate to APRI, CBTU & CLUW.

The President has been trying to establish talking points for when you start mentoring.

John & Deidria did a mentoring back in July 22 and NAACP was there as well to talk to the graduates

Theo has express interest to do the mentoring.

Old business

No primary this year, propose moving the Beer Brat from May to October and call it the Octoberfest, either September 29 or October 6th

Going forward John will start talking to the sponsors, as we get further along, we will need members to volunteer to set up the event and teardown after the event.
